These are the schools who have trained in the **123 Magic and Emotion Coaching Program** with a view to implement it as a **whole or part school approach**. In maintaining the program's effectiveness, a vast majority of these schools will send new staff to our training. There are also many other teachers who will attend public courses and implement it in their classroom alone.

*Indicates those schools who choose to maintain the program by sending new staff to training and may also engage us to provide onsite coaching and consultancy.
